

PRINT EXHIBITION 2024

Pleasley Colliery Visitor Centre

(what3words tolerates.manliness.notifying)

24th August to 2nd September 2024

My visit by John Brookes

This years Print exhibition was looking very good when I viisited this week. Members wre on hand to chat to the public and recorded a vote on their favouirite images.

The images on display were a great advert for the Club and the kind of photgraphy output its members produce. I spotted a few familair images as I walked around, well done to everyone who provided an image.
